

CREATOR WELFARE — EXTERNAL DOCUMENT

Duty of Care

Our complete commitment to creator welfare — what we promise, what's already built, and the technical roadmap that proves we mean it.

WHY THIS EXISTS

THE QUESTION THAT FOUNDED US

"The question wasn't 'how do we make money from creators?' It was 'how do we make a creator's career something they can be proud of — something that doesn't cost them their health?'"

— PNPtv founding team (Santino + Lex)

Most adult content platforms operate like 19th-century factories: you provide the body, the time, and the risk; they keep most of the money and don't care what happens to you afterward. PNPtv was built from inside that reality. This document is our answer in concrete terms: what we do today, what we're building, and how we prove we mean it.

THE FOUR PILLARS

01

Fair & Transparent Money

Your work has value, and what you earn is yours. 70% always. No fine print.

02

Body & Mind

Your health is our investment, not your problem. Wellness fund, Sober Body, Self-Care Center.

03

Real Growth

Skills, tools, education. AI agents that work for you, not the platform.

04

Community of Peers

You are not alone in this. Slack support, peer mentorship, wellness hangouts.

WHAT'S ALREADY LIVE — NOT PROMISES

Protection	What It Does	Status
§ 2257 ID Verification	Identity confirmed before any content goes live	LIVE
AI Age Verification	Photo verified + discarded immediately — never stored	LIVE
Passkeys (passwordless)	Phishing-resistant login — no password to steal	LIVE
Wellness Mode + 24h delay	Pause your profile for 1–30 days. 24h buffer protects against impulse deactivation.	LIVE
Private Use Tracker	Log your sessions privately. Only you see this. Your data, not ours.	LIVE
Self-Care Center	A section with no ads, no algorithm, no work notifications	LIVE
Location Fuzzing	Your position in Nearby is shifted 100–500m randomly — never exact	LIVE
Right to Erasure	Full account deletion in one step — no need to talk to anyone	LIVE
Multi-vector Block	When you ban someone, all their known identifiers are blocked	LIVE
CSAM Auto-escalation	Automatic account suspension + legal escalation, no human delay	LIVE
Public Appeal System	If we ban you in error, there's a formal appeal — not silence	LIVE
Crypto Cashout (5 chains)	BTC, DASH, USDT TRC-20, USDT Base, Meru — your choice	LIVE

PILLAR 1 — FAIR & TRANSPARENT MONEY

The Split That Doesn't Change

70% FOR YOU. 30% FOR THE PLATFORM. ALWAYS. NO FINE PRINT.

The 7-day hold on earnings exists to protect you from fraudulent payments that would put you in the negative — not to hold your money hostage.

Income Type	Your Share	Note
Content sales (videos, photos)	70%	7-day hold before available
Fan subscriptions	70%	7-day hold
Livestream tips (Ru\$h)	100%	No commission — it's a direct gift
Private calls	70%	7-day hold

How You Get Paid

You can withdraw in: **Bitcoin (BTC)** · **USDT on Tron (TRC-20)** · **USDT on Base** · **Meru** (Colombia + LATAM — phone or username)

Minimum to cashout: **\$50 USD**. Minimum for weekly batch: **\$100 USD** (your balance accumulates — it's never lost).

Earnings Ledger — Every Transaction Visible Q4 2026

You will have access to your complete transaction history: every tip, every subscription, every call payment, every withdrawal — transaction by transaction. You don't have to trust that 70% is 70%. You can verify it yourself.

PILLAR 2 — BODY & MIND

Your Health Is Our Investment

Individual Wellness Fund — 10% Back to You Q1 2027

Starting Q1 2027, PNPtv allocates **10% of the net commission generated by each creator** to an individual wellness fund. It's not a performance bonus — it doesn't disappear if you have a slow month.

Area	What It Covers
Mental health	Psychology sessions, therapy, LGBTQ+-affirming support groups
Sexual health	PrEP, PEP, STI testing, medical consultations
Financial literacy	Savings courses, crypto, taxes, basic investing
English	1:1 or group classes with native speakers
Creator skills	Video editing (CapCut, DaVinci), photography, digital marketing

Sober Body Program Launching Soon

For creators in our community reducing use or in recovery — non-judgmental, PNP-context-aware, not religious:

- Private Telegram/WhatsApp group with peers who understand the PNP context
- Weekly virtual meetups with a counselor experienced in LGBTQ+ and chemsex contexts
- Optional individual check-ins — a trusted contact who asks how you're doing
- Harm reduction resources adapted to context: combinations, intervals, warning signs
- Milestone recognition — the community celebrates your Sober Body days

This program is not mandatory and does not affect your platform access. It's an open door.

PILLAR 3 — REAL GROWTH

Skills, Tools, Education

Peer Mentorship Q4 2026

Experienced PNPtv creators become **Certified Mentors** and support newcomers. The mentor is compensated in Ru\$h tokens (convertible to cash). The new creator receives personalized onboarding, profile and content strategy review, and a real contact who's been through what they're going through.

AI Agents That Work For You Q1 2027

Content Description Agent Generates titles and descriptions that sell — so you don't write from scratch every time.	Pricing Strategy Agent Analyzes your audience and suggests the right price for each content type.
Publishing Calendar Tells you when your audience is most active and reminds you to post.	Earnings Analysis Explains in plain language what worked this month and why.

Educational Library Q2 2027

Module	Format	Duration
How to price yourself without undervaluing	Video + guide	45 min
Photography with the phone you have	Video	1h
Basic video editing (CapCut, DaVinci)	Video tutorial	2h
English for adult creators	Audio + flashcards	Progressive
Understanding your taxes (Colombia, Mexico)	Guide + template	30 min
Marketing without showing your face	Masterclass	1.5h

PILLAR 4 — COMMUNITY OF PEERS

You Are Not Alone in This

✓	Your Own Slack Channel — Live Now Every active creator has a private #ext-[handle] channel in PNPtv's Slack where the team communicates with you directly. Not a broadcast — two-way.
✓	Wellness Hangouts — Live Now Private groups within the app: general wellness, recovery, finances, creative career. Community, not competition.
✓	Cristina — Live Now Your AI assistant available 24/7 — health questions, payment questions, a hard night. Responds in Spanish and English.
✓	Individual Counseling — Q4 2026 Sessions with professionals who already know what PNP is, what adult creator work means, what chemsex involves. You don't start from scratch.

TECHNICAL IMPLEMENTATION — 5 PHASES

From Statement to Code

The audit of our production codebase confirmed: the most complex wellness pillars are already built. The remaining gaps are around **creator sovereignty** — the ability to control visibility, verify earnings independently, and exit with dignity. These 5 phases close those gaps.

- P1

Privacy Sovereignty — Creator Geoblocking

CRITICAL · 3–5 days

Creators can hide their profile in specific countries — their own country, their region, anywhere. Country of origin is the most common risk vector for Latin American creators (family visibility, conventional employment). The most-requested feature on comparable platforms. Includes: per-country blocklist UI in settings, middleware applied to all public profile routes.
- P2

Verifiable Earnings Ledger

HIGH · 1 week

Full transaction-by-transaction ledger visible to each creator in their own dashboard — every tip received, every subscription, every call, every withdrawal. No need to ask an admin for a report. Breakdown by content category and time period. Portable CSV export.
- P3

Verifiable Identity + Data Portability

HIGH · 1 week

Full migration to Persona.com for government ID verification — eliminating direct PII storage on our servers. Portable data export: a single file containing all your content, earnings history, messages, and account data. Your identity and your work belong to you — not to us.
- P4

Ethical Offboarding Protocol

MEDIUM · 3 days

A step-by-step offboarding flow: subscriber notification (opt-in), content archive options, deletion cascade with confirmation, 30-day grace period before permanent deletion. You decide what happens to your work when you leave — not us.
- P5

Public Transparency Panel

MEDIUM · 3 days

A public endpoint and page at [pnptv.app/transparency](#) publishing: total creator earnings ratio, active creator count, average monthly earnings (anonymized), Sober Body days accumulated by the community, support ticket resolution rate. Updated daily. We don't want you to take our word for it.

HOW WE MEASURE WHETHER WE'RE KEEPING OUR WORD

We don't want you to take our word for it. These are the numbers we publish — and if they're not being published, ask.

Metric	Where to Find It
% of gross revenue going to creators (target: ≥ 70%)	pnptv.app/transparency (Q1 2027)
Sober Body days accumulated by the community	Aggregated, anonymous — public panel
% of creators using Self-Care Center ≥ once/month	Published quarterly in creator updates
Support tickets resolved in under 48h	Published quarterly
Welfare interviews completed / creators onboarded	Published quarterly
Creators with access to wellness fund services	Published quarterly from Q1 2027

A FINAL WORD

We know "platform that cares for its creators" sounds like marketing. We've seen it too. The difference is that this was written by people who've been on the other side. We're not perfect — there are gaps in this document we're being honest enough to name. But the direction is clear: an adult platform that treats its creators like adults — with respect, with resources, and with the conviction that their wellbeing is the reason we exist.
