PNPtv! — Traffic & Audience Metrics Report

Prepared for: ExoClick S.L. Compliance & Publisher Review

Team Site: <https://pnptv.app> **Publisher account:** pnptvapp

Contact: Carlos Jimenez Manrique · support@pnptv.app **Report**

date: 5 September 2026

Executive summary

PNPtv! is a live-streaming and community platform serving the queer / LGBTQ+ Party & Play (PNP) audience. Because much of the platform is members-only for community-safety reasons, the public landing initially appeared content-light during review. This report documents the real audience scale and engagement patterns.

Headline traffic metrics (production database, 5 Sept 2026):

Metric	Value	Context
Total registered users	9,763	All-time cumulative
Users active last 30 days	3,081	31.6% MAU rate
	1,046	~10.7% WAU rate

Metric	Value	Context
Users active last 7 days		
New users last 30 days	2,568	~85/day sign-up velocity
New users last 90 days	~6,900 (estimated from 30d run rate)	
Content posts last 30 days	3,692	~123 new posts/day
Content posts all-time	13,576	
Active hangout / group rooms	564	Members-only live-video rooms
Countries with users	161	Globally distributed
Verified active creators	22	Currently publishing content
Published video-on-demand items	44	Long-form + short-form

Audience

User base scale

- **9,763** total registered accounts.
- **3,081** users active in the last 30 days — a healthy 31.6% MAU rate on the all-time base.
- **1,046** users active in the last 7 days.

Growth

- **2,568** new user registrations in the last 30 days.
- Roughly **85 new sign-ups per day** on the current trailing 30-day average.
- Growth trajectory has been consistent — the platform is not stagnant or spiky.

Geography

Users span **161 countries**. Top markets by user count:

Rank	Country	Users
1	United States	

Rank	Country	Users
		400 (combined variants)
2	México	116
3	Australia	36
4	Colombia	34
5	Canada	28
6-10	Brazil, Spain, United Kingdom, Argentina, Germany	(single- to double-digit each)

Primary target markets: - **LATAM** — Colombia, Mexico, Spain-speaking US Hispanic communities - **English-speaking secondary** — Australia, Canada, US non-Hispanic

Language distribution roughly 60% Spanish-preferred / 40% English-preferred; the platform is fully bilingual.

Engagement

Content activity (member + creator generated)

- **13,576** total posts across the platform’s lifetime (text, images, video, live-broadcast recaps).
- **3,692** posts in the last 30 days — approximately **123 new posts per day** on average.
- Growth is primarily organic and social — no arbitrated or bought traffic.

Live streaming

- **Main Stage** runs continuously via LiveKit with rotating creator spotlights.
- **22 verified creators** currently cycle through featured slots on rotation.
- Daily “Featured Creator of the Day” spotlight rotates every 24 hours.
- Free-tier viewers receive up to **3 hours of live-stream access per 24-hour cycle** (product change, September 2026).

Members-only live rooms

- **564** active or recently-active hangout groups (Zoom-style small-group video rooms).

- Members can host their own private rooms or join public/discoverable rooms.

Content library

- **44** video-on-demand items published by verified creators (short-form clips + long-form).
 - **13,576** social feed posts by members and creators.
 - Content storage on Cloudflare R2, delivered via CDN.
-

Traffic quality signals

The PNptv audience is organic, not incentivized, and not arbitrated:

- **No paid buying of low-quality traffic** — growth is driven by X/Twitter presence, creator cross-promotion, email newsletter, referral, and organic search.
 - **No incentivized clicks** — the free-tier and gate-window model rewards depth of engagement, not shallow impressions.
 - **High return rate** — 31.6% of the all-time registered base was active in the last 30 days.
 - **Diverse geo** — 161 countries with meaningful concentrations in LATAM, US Hispanic, and English-speaking secondary markets.
 - **Bilingual EN/ES** across the full product surface.
 - **Adult / 18+ audience** — self-attested at entry, biometric passkey authentication supported.
-

Public content & compliance

The recently-expanded public landing page (deployed 5 September 2026) now surfaces: - 12 verified creators with public profiles + bios + follower counts - Platform live-stats banner (member count, creator count, video count, country reach) - 3-column “How it works” strip - Community testimonials - Safe / sane / consensual harm-reduction messaging strip - Full legal footer visible to unauthenticated visitors: - **18 U.S.C. §2257** statement: <https://pnptv.app/2257> - **DMCA** takedown procedure: <https://pnptv.app/dmca> - **Terms of service**: <https://pnptv.app/terms> - **Privacy policy**: <https://pnptv.app/privacy> - **About**: <https://pnptv.app/about> - **Compliance**: <https://pnptv.app/compliance> - 18+ age-gate indicator visible above the fold - Full bilingual EN/ES on the public sections

Public creator profile pages (e.g. <https://pnptv.app/c/SantinoFurioso>) have been reachable at their permalinks throughout the platform's operational history and are search-engine indexable.

Requested action

We respectfully request re-review of the pnptv.app publisher application under the updated public landing. Screenshots of the members-only interior (Main Stage in operation, member social feed, hangout rooms) are available on request; we prefer to share them via a secured link rather than attach.

If ExoClick requires additional documentation — Google Analytics access, Umami analytics dashboard access, business registration paperwork, moderation policy full text, sample content, or a recorded operator walkthrough — we can furnish these within 24 hours.

Thank you for reconsidering the application.

— **Carlos H. Jimenez Manrique** Founder & Operator, PNPTv!
